Power Firm's Workers Here Joining Union

CIO Also Reaching Into Telegraph Companies

Unionization of the local Pacific Gas and Electric Company workers into an affiliated organization of John L. Lewis' Committee for Industrial Organization is expected within the next few days.

Simultaneously with this announcement from officials of the utility firm, it was revealed Tuesday that VIO organizers have been very active on the peninsula, although to date they have concentrated most of their efforts in San Jose.

Now, however, their attentions are swinging toward the northern end of the peninsula, and one company official gave as his opinion that 70 per cent of the company's employes are already unionized.

NO TROUBLE EXPECTED

"We do not anticipate any trouble, however," this official stated, "since the employer-employe relationship in the Pacific Gas and Electric Company is on a friendly basis."

Meanwhile, from Sacramento, the United Press reported that unionization of the P. G. & E. and employes of the two major commercial telegraph companies was outlined as the next objective of Lewis' CIO committee in that area.

Union organizers made their debut in the district last night at a mass meeting they claimed won them endorsement as collective bargaining agents for a majority of the Sacramento employes of the American Can Company.

OBJECTIVES MAPPED

Patrick J. Lydon, field representative for the Amalgamated Association of Iron, Steel and Tin Workers, announced after the meeting that "we have more than 110 applications from workers in the Sacramento plant of the American Can Company. This is a clear majority of those in the factory."

The next move, he said, would involve outside employes of the P. G. & E., Postal Telegraph and Western Union.

TRACK-CROSSING FATAL

WILLOUGHBY, O. (U.P.)—For 21 years James Reynolds, 40, had crossed railroad tracks twice a day on his way to and from work. Then he was struck and killed by a train.

28-Day Airplane Flight Around World Available

The first round the world, affair schedule by means of regular commercial airlines, at a fare of $2255 will become effective April 27, according to Harold Crary, vice president of United Air Lines.

The company, which will act as the connecting link between the Transatlantic and Transpacific air routes, will offer for sale one ticket which will surfice for the entire flight around the globe.

Interline agreements have already been reached with Pan American, Imperial Airways, the Zepplin Company and other airlines whose services constitute the round the world air system.

Passengers can leave Newark and other Atlantic seaboard points on United's plane the evening of April 27 and arrive in San Francisco at the breakfast hour in time for the take-off of the Pan American Clipper, which will put them in Hongkong May 5.

From Hongkong the Imperial Airways will take passengers to Athens, Greece, where they will be transferred to the Italian Airlines for the flight to Milan. The Royal Dutch Airlines, K.L.M., will complete the European journey to Frankfurt where the dirigible Hindenburg takes off for its transatlantic crossing to Lakehurst, N. J.

The entire flight will take 28 days, according to Crary.

New P. A. Office For Dr. Orwitz 9th in System

Opening of new, enlarged and improved dental offices in Palo Alto by Dr. S. D. Orwitz has just been announced. This is the ninth office maintained by Dr. Orwitz in seven central California cities.

Impressed, shortly after passing his examinations some years ago, by the great number of people to whom dentistry as a health measure was practically unknown, Dr. Orwitz determined to employ the same type of advertising publicity as had been responsible for the tremendous growth and advancement of many of America's business firms. Although he started with a small office in San Francisco, Dr. Orwitz today heads a dental organization dedicated to the principle of good dentistry that is inexpensive, with offices in Palo Alto, San Jose, Burlingame, San Francisco, Santa Rosa, Vallejo and Sacramento.

SMALL ARMY OF CLOWNS IN CIRCUS

Here are two of the 60 world famous clowns with the great Al G. Barnes and Sells Floto Combined Circus. Only clowns who have passed the rigid test of laugh-making are employed by the great Al G. Barnes and Sells Floto Combined Circus coming to Redwood City Tuesday, April 27 at circus grounds at Broadway and Spring.

MENLO PARK NEWS NOTES

E. M. Rankin, who recently bought the Bodermann property on Pine street, is remodeling the house, which will be for sale. The tenants, Mr. and Mrs. Charles Houck, have moved to Palo Alto, being unable to find a house here. Mrs. Houck is employed with the local Water Service Company.

There is a scarcity of houses in Menlo Park. A hundred homes could be rented. Many San Francisco people are coming down for the summer and cannot be accommodated. In Palo Alto the rents are too high for the average commuter.

Mrs. John Moriarty, for half a century a resident of Menlo Park, has gone to Woodside to reside with her daughter, Mrs. G. E. Shine.

The engagement of John Maloney, cartoonist, to an eastern young lady has been announced. Maloney is employed on one of the Hearst publications in Los Angeles.

Father Thomas McKeon, pastor of the Church of the Nativity, had a narrow escape from serious injury while crossing the Oak Grove avenue tracks Tuesday evening. Two trains arrived at the same time. Father McKeon did not see the oncoming southbound train and crossed with his car within a few feet of the engine.

He was not injured, but the front portion of his automobile was somewhat damaged.

Menlo Parlor No. 211, Native Daughters of the Golden West, will hold a whist party in Central School auditorium, Menlo Park, Monday evening at 8:30 o'clock. Score cards will be 25 cents.

Miss Ruth Adele Jolliffe, who has been making her home with the Louis Sutters in Menlo Park, was married at the Sutter home on San Francisco last Friday night to Malcolm Cummings MacBride. Mr. Sutter, who is her brother-in-law, gave her in marriage. The attendants were Dr. and Mrs. Maurice Korshet.

Mr. MacBride was educated at Dalhousie University in Halifax and at Kansas State University. He belongs to Delta Tau Delta. His mother is Mrs. William Potter MacBride, widow of the late Captain MacBride.

The couple will live in San Francisco.

The following women assisted Isabelle Weeden Lindquist, hospital chairman of Menlo Park American Legion Auxiliary No. 443, at the regular monthly sing given in wards 17 and 7 at the Veterans' Facility Tuesday afternoon: Dora Scott Devol, Elizabeth Lyon, Meta Kugeler and Clarissa Ross, of Menlo Park, and Ann Bullivant of Redwood City.

Catherine Derry was hostess to Past Presidents' Association No. 9, Native Daughters of the Golden West, last Friday night at her home on Pine street. After the business session, cards were enjoyed and refreshments were served. Past Grand President Evelyn Carlson of Atherton was present.

At the regular meeting of Menlo Parlor No. 211, Native Daughters of the Golden West, President Eleanor Ryan was nominated delegate to attend the Grand Parlor in San Jose in June. First Vice-President Louise Murray was nominated alternate.

Catherine Derry, Grace Loverich and Isabelle Weeden Lindquist will attend the Past Presidents, N.D.G.W., convention in Sacramento Saturday and Sunday. Several other members of San Mateo County Association No. 9 plan to attend.

The regular social meeting of Menlo Park American Legion Auxiliary, Unit No. 443, will be held in Legion Hall next Tuesday, with Isabelle Weeden Lindquist and Clarissa Ross as hostesses.

DIME OF 1821 FOUND

ST. LOUIS (U.P.) — Roy Koontz, Bloomington, Ind., purchased a used car here for $150. On his return home he began cleaning out the back seat and discovered a dime, dated 1821, lodged behind a cushion.

Leadership Parleys Set

In preparation for the election of student commissioners at Sequoia high school, discussions are being held at the school, during the advisory class periods, on leadership.

Purpose of the discussions is announced by Principal A. C. Argo as being "to permit the students to become acquainted with the details of the commissioners' election and to develop such an attitude towards it that they may encourage those well qualified to become candidates and that they may vote intelligently with the desire to place the best qualified pupils in commissionerships."

"One of the most important objectives of the school is teaching good citizenship," Argo declared, "and the election of commissioners offers one of the best training opportunities."

Details of the election—methods of nomination, requirements for eligibility, and the campaign expenses permitted—are being considered by the students in their discussions, as well as qualities that make good leaders.

Petitions for nomination may be circulated from April 21 to April 30, are to be signed by Vice Principal Donald Bogie, and are available from either Bogie or Leroy Laurence, commissioner of welfare.

Deadline for acceptance of nominations, which must be filed by petition with Laurence, is May 3, with the election to take place on May 7.

Students nominated will appear before the student body at two assemblies, May 4 and 6.

OPPOSITION TOLD TO CITY AIDING ROAD

Stafford Thinks State Alone Should Widen El Camino Real

Plea of the state that Redwood City aid financially in the widening of El Camino Real south of Broadway was seen here by Daniel R. Stafford, pioneer local real estate broker and secretary of the city planning commission, as a "play" to have highway property owners contribute their frontage for right-of-way without recompense.

In a letter to State Sen. Harry Parkman, Stafford, holder of El Camino Real frontage, points out that "there was no such demand that the property owners between Cordilleras Creek and Broadway should raise $50,000 to purchase rights of way and I can see no reason why the property owners between Broadway and the city limits on the south should have to be assessed again to purchase rights of way."

While Senator Parkman did not indicate what method of financing the state had in mind for the city to aid in the widening project, Stafford assumed that it was intended that property owners along the way would bear the cost. In this connection, Stafford pointed out that before the state took over the highway, property holders were assessed for shoulders on the highway, Stafford himself paying $2700 as his share on 450 feet of frontage.

"Seventeen feet of our frontage has now been taken for setback lines, and this seems to be a play to have us contribute this frontage without recompense," Stafford declared to Parkman.

Cost of the entire right of way between Broadway and the south city limits has been set at approximately $100,000. It apparently was the state's idea to have the city or highway property owners bear half this cost.

Sales Meetings Feature Talks By Ad Salesmen

During the recently conducted sales meetings of Associated division, Tide Water Associated Oil Company, held in eight principal cities of the Pacific Coast, interesting three-way discussions were presented to the sales force of the company by representatives of newspapers, radio broadcasting companies and outdoor advertising firms, according to Harold R. Deal, manager of advertising and sales promotion. Each speaker was limited to 10 minutes and a time keeper rang the gong whenever the time limit was reached.

Affording the sales personnel of Associated an opportunity to become thoroughly familiar with the three media of advertising, their relation to oil company sales and the benefits to be derived from each, the innovation of bringing them before the sales group was unusually successful, Deal asserts.

The result of conducting the three-way open discussions were so satisfactory that similar meetings are scheduled for the smaller cities throughout the western territory, Deal concludes.

City to Seek Legal Options On Port Lands

Public Poll Foreseen To Learn Attitude Of Electorate

Efforts to obtain options on all the 46½ acres of privately owned property adjacent to Redwood City's municipal harbor development will be made by the city so that, if the people desire, the land can be purchased and made available for lease or sale to prospective industry.

This was decided by the city council at its meeting Monday after hearing two port commissioners urge the city to try to secure the land in question, in accordance with a unanimously adopted recommendation of the Board of Port Commissioners.

As a result, Mayor McCarthy, on authority given him by the council on motion of Councilman James M. Eva, second of Evans A. Fletcher, appointed a committee of three to make efforts to obtain legal options on the holdings. On the committee McCarthy placed City Manager Charles L. Dimmitt, Port Commission President E. B. Hinman, and the mayor himself.

Before actual purchase of the lands is decided on, approval of the city's electorate, probably through a post card vote, will be sought, it appeared after an hour's discussion of the subject at the four-hour council meeting.

Hopkins Left Only $91,441, Appraiser Says

Former Board Trustee Of Stanford Willed University Estate

Appraisal of the estate of Timothy Hopkins, financier, philanthropist and member of the original board of trustees of Stanford University, disclosed here Tuesday that the famed former Menlo Park resident left but $91,411, far less than anticipated, since Hopkins was often called a millionaire.

It was understood, however, that Hopkins had placed a large part of his estate in a trust prior to his death.

The appraisal listed the holdings as comprising $74,701 in accounts receivable and $9,349 in stocks as the major portions of the estate.

FOR USE OF WIFE

The entire estate was left in trust with the Wells Fargo Bank, with Hopkins' will directing that his wife, Mrs. Mary Kellogg Hopkins of San Francisco, receive the income from the trust until her death or until she refused to accept it.

Upon Mrs. Hopkins' death, or upon her refusal to benefit from the trust, the income from the estate will go to Stanford University, with 60 per cent of the money to be used for development of the Hopkins Marine Station, founded by Hopkins in 1891 at Pacific Grove.

A specific bequest was made of $4000 yearly to the Stanford library, which was always one of Hopkins' keenest interests and which he endowed with the Hopkins Railroad Library. Hopkins was chairman of the board of trustees' library committee.

TO CREATE LIBRARY

The residue of the income of the estate is to be used over to the university for creation of a Hopkins Medical Library, the will provides.

Pending settlement of the estate, Mrs. Hopkins has been receiving $1200 monthly, upon order of Superior Judge Maxwell McNutt. The Hopkins' had one daughter, Lydia K. Hopkins.

Hopkins' death brought to a close the life of one of the men most closely associated with building up the university. He was only 26 when he was named one of the original trustees by Senator Stanford at an historic meeting in San Francisco.

Hopkins was the adopted son of Mark Hopkins, financial leader who constructed the Central Pacific railroad and used the road's profits to found and help maintain the university at Palo Alto.

LIVED IN MENLO PARK

Up to the time of his death January 1, 1936, Hopkins lived at his home on Ravenswood avenue, Menlo Park.

The accounts receivable in Hopkins estate included $44,011 invested in the Loma Prieta Lumber Company, and $27,140 in the Western Shore Lumber Company.

Mrs. Garland, Myers to Seek Trusteeships

Sequoia Board Race Opens As Two File For Positions

Two candidates for the two trusteeships of Sequoia Union High School to be filled at an election June 4 filed their notices of candidacy with the county school superintendent and made official announcements Monday.

They were:

Mrs. Temperance K. Garland of Menlo Park, prominent in Parent-Teacher Association activties.

B. E. Myers, clerk-treasurer for the City of Redwood City.

Trustees whose terms expire July 1 are Board Chairman James D. Hedge and Secretary Walter W. Hilton. Hedge has already announced he would not be a candidate. Hilton has not as yet determined his candidacy.

HERE 14 YEARS

Mrs. Garland, wife of John J. Garland, county milk inspector, has been a resident of the Sequoia high school district for 14 years, during which time she has been active in community service. She is past president of the Sequoia P.-T. A. unit and past president of the San Mateo County Parent-Teacher Association. At present, she is state chairman of P.-T. A.'s for high schools.

A graduate of a Wisconsin state teachers' college and of the University of Wisconsin, Mrs. Garland was a high school teacher in the public schools of Wisconsin before coming to California.

She is the mother of four children, one of whom is a graduate of Sequoia. Two of the others will be in Sequoia next year.

"I feel in announcing my candidacy that it would be desirable to have a woman member of the board because of the type of service she could render," Mrs. Garland stated.

Mrs. Garland lives on Middle avenue in Menlo Park.

MYERS FORMER TEACHER

Myers, a resident of Redwood City since 1909 and and a teacher at Sequoia from that time until he became city treasurer in 1927, has kept in close touch with activities at Sequoia. He has two daughters, Mary, 17, and Ruth, 14, attending the school.

Interested in boy and girl welfare and active in organizations dealing with youth, Myers also is familiar with progress in educational principles and administration. He also has had business experience and by virtue of his position with the city has an understanding of budgetary control and financial problems.

"Because of my experience, I feel qualified to serve the Sequoia Union High School District intelligently as a trustee," Myers said.

Notices of candidacy must be filed with County School Supt. Pansy Jewett Abbott at her office in the Sequoia Theatre Building at least 15 days before the election. Terms of trustees to be voted on are for three years.

2 NEW SEQUOIANS ENROLL

Two new students have been enrolled at Sequoia high school in the past week—Thomas Joseph Reynolds, son of Mrs. Mary Reynolds, 1147 Chestnut street, Menlo Park, who has registered for post graduate work; and Bernice Geraldine Webber, making her home with L. Strong on Santa Cruz avenue, Menlo Park. She has transferred from Santa Rosa as a sophomore.

Approximately three million baseball bats are manufactured in the United States annually.

'Open House' Details Given

A variety of entertainment numbers were announced Monday to comprise the program to be presented at McKinley Intermediate School between 7:30 and 8:15 o'clock Tusday evening, April 27, when the school will hold open-house for parents and friends of the pupils in observance of Public Schools Week. Open-house will also be held each day of the week April 26-30 during class hours so that parents may visit the classes.

Taking part in the Tuesday evening program—at which a feature will be presentation of American Legion Auxiliary citizenship essay awards by Mrs. Emmett Donnelly—will be Robert Wilkins, who will present the introduction; Acting District Superintendent Andrew Spinas, who will speak on education; Shirley Johnson, who will give a tap dance, and Eugene Serveau, who will play an accordion solo.

Another talk on education will be presented by Twila Argo; Charles Anderson and Dudly Metteaurer will play a trumpet duet; John Sisson, a piano solo; Lillian Anderson, Helen Steele and Margaret Steele will comprise a string trio; Ruth Anderson and Louise Manza will present a violin duet, accompanied by Beth Childs; Kyoko Kusai will present a talk, entitled "I Am Music;" Mary Margaret Lucas will sing a vocal solo, and the school's drum and bugle corps, conducted by Ronald Spink, will perform.

S. C. WOMAN'S KIN DIES

James B. Kelly, 75, twin brother of the late Brother Xenophon of St. Mary's college and father of Mrs. Marie Jacobi of San Carlos, and Mrs. Genevieve Guppy and Mrs. Virginia Winkleman of San Francisco, died Sunday in San Francisco.

4 Teachers Talk On Toastmaster Club's Program

In an "all school-teacher" program, four Redwood City educators gave talks Monday night before the Toastmasters Club, with Prof. L. E. Bassett, head of Stanford public speaking department, replacing Harvey Hall, regular critic, for the evening.

Only non-educator on the program was the chairman, Lawrence Gould.

Topics of the teachers varied widely. Earl Whitaker spoke on "Why We Use Slang"; William Morrissey Jr., "Biographical Sketch of Col. Edward D. Baker"; Donald Bogie, "Visit to Sonoma State Home"; and Homer Spellenberg, "A Man and His Dog."

Dislike of repetition, desire to create, convenience, and the necessity for vigorous expression were given by Whitaker as the four reasons Americans use "slanguage."

Morrissey told of the life of the San Franciscan, who earned fame as an attorney and speaker and spread his activities to national military and legislative fields.

Bogie's speech described the care given patients at the home for the mentally deficient.

Spellenberg upheld the faithfulness of a man's dog as truer than all other bonds in the world.

"SKYLOUNGING"

The latest in air travel is afforded in this Skylounge Mainliner, one of a fleet of such planes recently placed in service between Chicago and New York by United Air Lines and which are shortly to inaugurate faster three-stop coast-to-coast flights.

New features of the Skylounge, the world's first extra fare plane, include 14 large swivel chairs in a 21-passenger cabin, steam heating, air conditioning, an aerial kitchenette for serving hot chicken dinners and other full course meals with real silver, china and linen, and other innovations.

Ranked as the most powerful passenger land plane in the country, the Mainliner incorporates such advanced scientific developments as the 1937 type automatic pilot, two-row 14-cylinder Wasp engines capable of developing 1150 h. p. each, constant speed propellers, automatic mixture control and other features.

TOMPKINS TAKEN TO ASYLUM AFTER NEW SUICIDE ATTEMPT

Having changed his mind after another suicide attempt late Saturday night, James E. Tompkins, 58-year-old North Fair Oaks hod carrier, abandoned his efforts to be tried for sanity by a jury and was taken on Monday to Ukiah Hospital for the Criminally Insane, where he was committed for the "rest of his natural life" for his futile attempt last week to murder his daughter and take his own life.

Although reports of Tompkins' latest effort to court death were kept secret by the sheriff's office, it was learned that the hod carrier tried to kill himself by swallowing a spoon.

The attempt failed, and he did not injure himself sufficiently to require medical attention.

Tompkins was a sullen and tired looking man when taken by Deputy Sheriff Thomas Maloney and Constable Ferguson Owen on the ride to the Mendocino state hospital.

Sheriff James J. McGrath said that Tompkins "changed his mind" and decided that the jury trial, which would be his by constitutional right, if he insisted upon it, would help him little.

Tompkins told jailers that the "overt act" he committed when he tried to shoot his 14-year-old daughter, Louise, and then slashed his own wrists last Thursday, would be sufficient to cause a jury to declare him insane.

His reasoning along legal lines was unusual for a man who never finished the fifth grade in grammar school, but he had made a hobby of studying law, and used legal terms fluently.

After Tompkins' latest effort to end his life—his third since he tried to kill himself in 1929 while undergoing treatment for a leg infection at the Veterans' Facility in North Palo Alto—Tompkins was removed from "the tank," where he had been confined with other prisoners, and was placed in a padded cell.

Deputies said that they believed that the other prisoners had called for help when they saw Tompkins swallow the spoon. Earlier it had been given out at the jail that a 24-hour suicide watch would be kept over the madman-prisoner.

Summer Camping Dates Indicated By 'Y' Director

The Young Men's Christian Association summer camps this year will be at Camp Yu-Mi-Ci-A, in Memorial Park, and at Camp McCoy in the High Sierras, it was announced Monday by Lawrence Gould, county "Y" director.

The first camp at Camp Yu-Mi-Ci-A is primarily a peninsula period, starting June 19 and ending July 3. Provisions may be made if a boy can only be in camp one week, however, Gould said. The cost is $8 for one week or $16 for two weeks, exclusive of transportation.

Camp McCoy opens June 21. There the cost for two weeks is $27.50; four weeks, $50.50; and six weeks, $73.50, including transportation. A camp emblem to be worn on sweaters will be given to all boys signing up on or before May 15, Gould said.

LEASHES AGAIN CONSIDERED FOR DOGS AWAY FROM HOME

With the full arrival of spring and its consequent garden-planting time, the question of roaming dogs again arises in Redwood City.

This became evident at Monday night's meeting of the city council when Donald L. Bogie advised councilmen that dogs recently had wreaked havoc on newly-planted flowers at his place at 24 Fulton street and had also effected entrance into hutches and destroyed rabbits therein. In addition, Bogie said, other residents in his district had suffered similar experiences.

Admitting frankly that he did not know the solution to the problem, Bogie nevertheless asserted that he thought he "should have some protection" against the stray animals.

Councilmen agreed that the "problem is a serious one," as expressed by Mayor Paul A. McCarthy, who suggested that an ordinance proposed a year ago be brought up again for consideration.

The measure, voted down at the time, requires that all dogs not confined on owners premises or in closed automobiles be kept on leash.

Councilman Robert N. Jones apparently sounded the keynote of the situation when he declared: "If the people of Redwood City want such an ordinance, we can pass it."

Councilman James M. Eva asserted that he believed a citizen should be allowed to keep pets such as rabbits in his yard without their being attacked by dogs.

Councilman William Hohn raised the question: "Why does a dog have preference over other pets?"

As a result of a brief discussion, it was agreed that the dog ordinance again would be brought up for consideration at the next regular meeting of the council May 3.

Mrs. Sisson Awarded Decree of Divorce

Mrs. Ethel Rose Sisson, on grounds of neglect, was awarded a divorce here late Monday from Bruce Klir Sisson, son of Dr. E. K. Sisson, San Mateo dentist. Mrs. Sisson was awarded $30 monthly by Judge McNutt for support of the couple's 10-month-old child, Daniel. Young Sisson is also being sued here by a former maid of his parents who charges he is the father of her child. The suit is still pending trial.

Frank Rondon Hurt In Cycle Smashup

Pinned beneath his motorcycle in a collision with an automobile last night at El Camino Real and Edgewood road in Atherton, Frank Rondon, 219 Hazel avenue, Redwood City, suffered a possible head fracture and was under treatment in Palo Alto Hospital Tuesday.

The driver of the car was Margaret Milward, Atherton, who was driving onto the highway, when Rondon ran into her, police reported.

The injured man was removed from beneath his vehicle by Dent Fairless, 56 Devonshire road, and Joseph Short, a resident near the scene of the crash.

AGED COUPLE DIE TOGETHER

STURGIS, Mich. (U.P.)—After 54 years of married life, Mr. and Mrs. E. G. Schwieman, natives of Germany, died the same day.

City Declines To Offer Funds

The city council Monday at its lengthy session decided against encouraging expenditure by the city of any funds other than a small amount of gas tax moneys to aid in widening of El Camino Real south of Broadway to Palo Alto, but passed a resolution urging the state to undertake the project during the coming biennium.

Voting unanimously on the resolution, introduced by Councilman Evans A. Fletcher and seconded by Councilman James M. Eva, the council thus followed the example set by the city planning commission and numerous service clubs, civic organizations and the chamber of commerce in asking that the work be done.

Reasons, as stated in the resolution, are:

1. El Camino Real carries a heavy load of traffic which, unless the widening is carried on to Palo Alto, will be driven into a "bottleneck" at Broadway in Redwood City, where the present widening project from San Mateo is to end.

2. Increase in number of homes adjacent to El Camino Real with consequent heavy travel "necessitates better accommodation for such traffic than is now available."

3. The active building campaign for both homes and business buildings in southern San Mateo county will increase use of the highway.

4. The coming World's Fair in 1939 will even increase the route's traffic further.

Copies of the resolution are to be sent to Sen. Harry Parkman; Assemblyman H. W. Call; and Earl Lee Kelly, director of public works.

RAIL SIGNAL PROBLEM UP AGAIN HERE

Council Sets Special Meeting on Monday For Consideration

The perennial question of what to do about Redwood City's grade crossings came up at city council meeting again Monday, but due to the length of the session it was decided to call a special meeting next Monday night to give full consideration to the problem.

Invited to attend the meeting will be a representative of the Southern Pacific, it was agreed.

The subject was brought up by receipt of a letter from A. T. Mercier expressing doubt the railroad could comply with requests made by the city for certain types of protection.

One of these, that all flagmen be provided with distinctive uniforms, drew this remark from Mercier:

"We have given this matter a great deal of thought in the past and while offhand it may seem desirable, we do not believe it would be practicable to do this. . . . It is possible, however, that some benefit may result by providing our flagmen with white caps which would serve to distinguish them from the ordinary individual and they would show up well at night.

"We are also agreeable to equipping our flagmen with an improved type of hand lantern similar to those now in use at Broadway and Main streets."

Mercier declared that the railroad was agreeable to the proposal to install an additional wigwag and two-train indicators at Chestnut street, but asserted he believed the present wigwags and two-train indicators at Rogers street "afford adequate protection."

"We will, however, consent to the replacement of the signals at Rogers street with flashing light signals on the basis of the City of Redwood City assuming one-half the expense, which is estimated to be approximately $1800," Mercier added.

These suggestions, Mercier said, were contingent with the city's installing and maintaining flood lights at crossings on Broadway, Jefferson, Maple, Main and Spruce streets.
